Title: The Fourth algebraic Combinatorics Workshop
Organized by M.Hirasaka, J.Koolen and T.Fujisaki

♣ Time : 18th of June in 2005
♣ Place : Engineering Building 5-405,
♣ Corresponding Member: Jack Koolen (279-2055)
♣ Program
11:00-11:50 Y.Park,
On the Riemann hypothesis for the zeta function of a graph
(12:00-13:30 Lunch time)
13:30-14:20 M.Hirasaka,
Association schemes derived from Frobenius groups
14:30-15:20 S.Bang,
An algebraic description on distance-regular graphs
(15:20-15:45 Coffee Break)
15:45-17:15 J.Koolen,
On the Terwilliger Algebra of the twisted Grassmann graphs
After seminar, we plan to have dinner.
Available Devices for Presentation
Only One Black Board.
